

The Rosicrucian/Freemasonry/Theosophy Connection and Additional Notes

Just so there's no confusion this outline will serve as a quick review and establish the connections between the Rosicrucians, Freemasonry and Theosophy as well as some complementary information just to be sure nothing is lost.

A. Theosophy is of the Devil

A good place to start is an article entitled "Theosophy is of the Devil" on Jesus-is-savior.com. Let's start with some quotes from the "New" Age "Madame" Blavatsky:

Lucifer represents...Life...Thought...Progress...Civilization...Liberty...the Serpent

It is Satan who is the God of our planet and the only God...

The Celestial Virgin which thus becomes the Mother of Gods and Devils at one and the same time: for she is the ever-loving beneficent Deity...but in antiquity and reality Lucifer and Lucifereans is the name. Lucifer is divine and terrestrial Light...the Holy Ghost and Satan at one and the same time...

Nice. Let's see here...she was a 32nd Degree Freemason. This sounds good:

Beginning in the early to mid-Nineteenth Century, and with the incorporation of Eastern mystical concepts into the existing traditions, the Western Mystery Tradition experienced a major divergence between the esoteric Hermetic rites of the Masonic and Rosicrucian Traditions and the Theosophical schools with the major divergence occurring during the life of Madame Blavatsky's that came to be grouped under the general rubric of New Age spirituality.

The authors get right to the point:

Theosophy, Satan worship, New Age, Freemasonry, and witchcraft are inseparable. They all hate God, hate the Word of God, and are committed to a one world order, i.e., the Beast system of the coming Antichrist.

Enough said. Look my friends this last sentence includes our "conservative" leaders like the Bush family and many members of the country's business and media elite (look for a future link "Bohemian Grove") all the way to the "New" Age Mother Gaia eco wacko types. This concept was covered in the opening paragraph of the home page and **my** "Circle of Life" on the New Age page.

B. THEosophY and Lucifer's Publishing Company

THEosophY was covered extensively in "The THEorY of LIVEvolution" including the very real and very disturbing rationale that is the true intent of "Evolution". In a nutshell,

no pun intended, it has very much more to do with Adolf Hitler's accelerated unnatural approach than say Charles Darwin's much slower 'naturalistic' approach.

But for now I present some tid bits and other pertinent information. Its basic definition is "...to describe the studies of religious philosophy and metaphysics as originating with Helana Petrovna Blavatsky from the 1870s". And another article states very succinctly that "...much of the New Age started with Blavatsky". The origins of THEosophY can be traced to both the writings of Plato as well as the so-called eastern religions in India. The "New" Age Madame spend a lot of time in the Far East and spoke very highly of Hinduism.

Alice Bailey's very own and today a very real component of the UN-dead is Lucifer's Publishing Company (now Lucis Trust). Its foundational philosophy was THEosophY. Both Blavatsky and Bailey claim Tibet as some kind of spiritual nexus. I spent a large amount of time on a certain character named Djwhal Khul or "DK" or simply "the Tibetan" in "The THEorY of LIVEvolution". Just after World War I Ms. Bailey's second husband Foster, who was a 32nd degree Mason, was National Secretary of the Theosophical Society. Interestingly at age fifteen Ms. Bailey claims to have had a run in with a charismatic and enigmatic gentleman named "Koot Hoomi" that matches the name of a character that influenced a certain "New" Age Madame. Ms. Bailey recognized his picture in a Shrine room at the Theosophical Society. One other tid bid worth mentioning is the Arcane School, an offshoot of the Lucis Trust and still very much alive at today's UN-dead. Wikipedia notes "...the school was structured in a series of degrees similar to Freemasonry and its early structure can be compared with the ceremonies of the Rosicrucian Order Crotona Fellowship".

And finally just so there's no doubt about the wacko part of the eco wackos and their population control agenda Ms. Bailey spoke of the "negro problem" and the "New" Age Madame spoke of "black savages" who could never acquire "the spark of knowledge" and would always be inferior to the Aryan race. And a little later on a third "New" Age lovely, Margret Sanger would take these two gems of humanity at their word and actually start the modern eugenics movement with sterilization of the "imbeciles" and elimination of the "black human weeds" with abortion. One in her fan club includes one Adolf Hitler. And who were some of the biggest contributors to eugenics studies? The Rockefeller family. The same group who helped the Nazi rise to power with....Standard Oil and its evil offspring, IG Farben. And who happens to be the most rabid supporter of abortion (i.e., eugenics) today? None other than anti born alive babies and our first "black" "President", one Barak Hussein Obama (who's literally only half black). Just in case you were wondering, the only one of ALL the candidates who understands how this country's government is really supposed to work, Alan Keyes of the Who? Party doesn't count.

Like I keep saying, **WATCH OUT FOR THIS GUY.**

With that happy thought let's take another look at the Rosicrucians that will springboard a whole flurry of future articles...

C. Rosicrucians....and the Age of Aquarius?

As one peels away the layers of the “New” Age/modern radical environmental movement/Banksta onion this connection makes for an interesting subject in and of itself and will be covered in articles in the near future. But for now let’s see what the website Rosicrucian.com has to say. This is taken from directly from a writing entitled “The Rosicrucian Mysteries” by someone named Max Heindel found on that website:

For the purpose of promulgating the Rosicrucian Teachings in the Western World, the Rosicrucian Fellowship was founded in 1909. It is the herald of the Aquarian Age, when the Sun by its precessional passage through the constellation Aquarius, will bring out all the intellectual and spiritual potencies in man which are symbolized by that sign. As heat from a fire warms all objects within the sphere of its radiations, so also the Aquarian ray will raise the earth's vibrations to a pitch we are as yet unable to comprehend, though we have demonstrations of the MATERIAL workings of this force in the inventions which have revolutionized life within the memory of the present generation.

Now I ask again did anybody catch Al Gore’s we love Obama speech at the Democratic National Convention? He came out and left to the song “Age of Aquarius” while backed by Greek Temple “decorations” as the “imbecile majority” sat there like good little Hitler Youth and cheered well like the real imbecile majority that they are for falling for this guy’s ruse. This string of events appears to be another sign from THEM to us “imbeciles” in the “mundane majority”: SCREW YOU PROLES AND PILGRIMS WE ARE THEY AND WE RULE, a concept copiously documented in “The THEorY of LIVEvolution”.

In Conclusion, Beware the environmental movement, beware the environmental movement. And as for eugenicist Barak and his crew of mega-rich, industrial type recycled Banksta and neo-con “advisors” ironically coupled with the eco crazies about the “spiritual issue” of Global Warming: **WATCH OUT FOR THIS GUY.**
