

# Obama Wins, America Loses

by Chris Alexander

November 6, 2012, proved to be a lesson in unawareness of the American public regarding events over the past four years. They haven't realized the full import of all that Obama has done in his attempt to destroy the economy. His policies are not designed to benefit the general welfare of the public as outlined in the Preamble to the Constitution.

When he pushed the Stimulus Bill, all that it did was to demonetize the economy even more. The same effect was shown when he took over 60% of the private business sector. All roads to success have shown an immediate standard of failure!

HR 3962, Obamacare will be fully implemented in 2014. It will be interesting to see the complaint of the American public regarding the individual mandates & exemptions provided in this destructive policy. The individual mandates are seen in Sections 7201 & 7203. Section 7201, states that it would be a felony under a willful evasion clause not to purchase the insurance. The punitive part of this is punishable by a fine of up to \$250,000 and/or imprisonment of up to five years. Section 7203, is classified as a misdemeanor. The failure to pay the fine of 2.5 percent of a person's household income is punishable by a fine of up to \$25,000 and/or imprisonment of up to one year. Another point is that most elderly people will not get the care they need, but have to rely on panels to make judgements based on the expected longevity of the patient. In other words, if a sixty eight year old needs a triple bypass the panel may feel that since they are up in years they will be relegated to not have the operation. The exemptions to these mandates relate to a specific group, the Muslims. Since the Muslims have established that insurance is viewed as gambling, Obama has chosen to exempt them.

The freedoms we enjoy have been a generational sacrifice. Is it possible that Obama could destroy even more of our freedoms in the next four years? Since "character is the signpost to the road people travel," it stands to reason that his next moves will not be a surprise.

Along with Hillary Clinton, Obama will push for the Universal Gun Control, raising taxes, & directing his efforts to your 401K's & IRA'S. Don't be surprised if more compensation is given to the Muslim community in favor of all others. Why is he so compliant to the Muslim community? He has admitted that he is a Muslim on many occasions. In his book, Audacity of Hope on page 261, he stated that when the political winds shift & things get ugly, he will side with the Muslims. This book was published in 2006.

On September 10, 2009, he said on an ABC show called This Week about his "Muslim Faith." January 18, 2010, while on Nile TV he stated "I swear I am a Muslim." He further stated, "My father

was a Muslim, my stepfather was a Muslim & I am loyal to the Muslim agenda.” His actions throughout these past four years proves these statements to be accurate.

June 4, 2009, told more of the story when Obama stated “I have known Islam on three continents before coming to the region where it was first revealed. That experience guides my conviction.” Whatever guides your conviction establishes your agenda. Reassuring the Muslim community he stated on April 26, 2011, Obama spoke to Iranians, assuring them that, "though times may seem dark, I want you to know that I am with you." This took place at Nowruz, the Persian New Year that Iranians celebrate.

On May 12, 2010, Obama joined an Islamic Supremacist group called Alliance For Civilizations. This is a group that is entrenched in the United Nations with John Esposito as their UN Ambassador.

Obama welcoming terrorists to the White House is not surprising. On June 8, 2010, Muzammil Siddiqi visited the White House meeting with Paul Monteiro, Associate Director for White House Office of Public Engagement. Siddiqi has been the religious director of the Islamic Society of Orange County (ISOC) since 1981, and was formerly the president of the Islamic Society of North America (ISNA) from 1997 to 2001. He currently serves on ISNA's board of directors.

Another visitor that Obama allowed in the white house was Alejandro Beutel. He visited the White House at least 10 times. He met with Quintan Wiktorowicz, Senior Director for Global Engagement at the National Security Council, on November 4, 2011 twice, March 13, 2012, March 9, 2012 and July 18, 2011. Beutel's meetings were with Paul Monteiro, Associate Director, White House Office of Public Engagement. These meetings occurred on May 30, 2012, June 29, 2011, July 14, 2010, July 16, 2010 and July 28, 2011.

Beutel in his reports criticized investigative techniques used by of federal and local law. In fact, he discredited the training procedures used by the FBI & stated that the Muslim Community should handle its own affairs.

No doubt there are visits from the American Muslim Alliance headed by Agha Saeed. This is the group that raised \$50,000 for Hillary Clinton's campaign back in November 4, 2007. Agha Saeed is the head of another group affiliated with the AMA, the American Muslim Task Force, the soldiering group.

Obama has written many executive orders when he falls into conflict with Congress. Not being able to pass certain issues he accomplishes many things by fiat, or executive order. On February 5, 2009, Executive Order 13498 was written. Obama appointed Imam Talal Eid, a self admitted supporter of the Muslim World League & Jihad. This organization is the second deadliest head of terrorism next to the Muslim Brotherhood. Obama appointed Eid as the head of U.S. Commission on International Religious Freedom.

What else lies ahead for America in the next four years? Will Obama adhere to the principles of the Constitution? Will he guide the economy on the path to Capitalism as it was intended? Will Obama create more jobs, or more havoc?

The only answer to this is seen in his character. Character is truly the signpost to the road people travel. We have witnessed what he has done through his actions, speeches, appointees, & groups he has supported for the last four years.

A righteous person will carrying out the oath of office while maintaining the dignity required by the office. Obama has done nothing in this regard, in fact, he represents the opposite of everything our Constitution, Symbols & Seals, history, & our Judeo- Christian Principles represent.

In these next four years the American public will experience more personal freedoms being lost, more economic problems, more Muslims infiltrating our government, & Shariah Law usurping our culture!

Be ready & be in God!
