

12. Environmental UFOs

Here's the basic outline for this section of fully documented "New" Age weirdoes, "useful idiot" eco wacko loons, high level Freemason occultists and their "cosmic messengers" the latter of which I am concluding are synonymous with "UFOs":

- A. General Background
- B. "THEY Live": Aliens Among Us
 - I. Walk Ins
 - II. Teleportation
 - III. Common Messages
 - a. Divine Sparks
 - b. One World Government
 - c. Koot Hoomi
 - d. Orion/Osiris
 - e. Invasion of the Environmental UFOs
 - f. Twinkling of an Eye
 - g. "Sustainable Development" & World Government:120 Wall Street, Mystery Babylon USA
- C. Conclusion

Have no fear, our new friend RC Christian will show up once again.

A. General Background

This subject, like many others in this RC Christian series, has come up once again. For some background I provide the following summary. In Section 3d of "The THEorY of LIVEvolution" I discussed Ancient "UFOs" and made the case that what many Ancient cultures like Egypt referred to as "gods" of what today we call "mythology" we now refer to as "UFOs". It turned out many of these "gods" (or "UFOs") happened to have "New" Age sounding messages. As such, in Section 3p I documented another researcher, Lois Chan, and her book "Unholy Alliance". Ms. Chan came up with many of the same names and concepts I turned up in my research. For example, she noted many of these UFO like entities also went by titles like "Ascended Masters" (remember one of the mystical manifestations of RC Christian is as an "Ascended Master"). Also, "THEY" seemed strangely concerned about our evolution, system of governance and environmental well being. She noted an "Ascended Master" by the name of "Djwhal Khul" which also happens to be the same "Ascended Master" that was channeled by prominent "New" Ager, theosophist and Freemason Alice Bailey (and covered extensively by yours truly in Section 3n of "The THEorY of LIVEvolution"). "Mister" Khul, aka "the Tibetan" is still the object of worship at the United Nation's Lucis Trust today, 2009. Recall that Lucis Trust's original name was "*Lucifer's* Publishing Company" and is a non-governmental organization or NGO of the UN-dead which means it's supported largely by *your* tax dollars. How's that for "conspiracy theory"?

Continuing, on the related links page to Mystery, Babylon USA there's another link entitled **Kosmos** that discusses things like "Kosmic Messengers" from the "Kosmos" or "Cosmos". There's no doubt the Book whose historicity (see Section 1 of "The THEorY of LIVEvolution") and scientific validity (see **Science** link on the related links page, Mystery, Babylon USA) have been established unabashedly refers to entities that are both airborne and/or unexplained just like these "UFO Guides" of Ms. Montgomery. For example, the Apostle Paul laments in Ephesians:

For we wrestle not against flesh and blood but against the principalities, against powers, against the rulers of the darkness of this world, against spiritual wickedness in high places. (Verse 6:12)

But in case this still isn't good enough for the Biblical skeptic I generated the following logical outline in the **Kosmos** link to *scientifically* delve in to this subject and came up with the following outline reproduced here for convenience:

1. UFOs Can Exist (Based on existing or theoretical data from modern physics)
2. UFOs Do Exist (Based on the amount of unexplained cases throughout history)
3. What are They?
 - a. Space Aliens
 - b. Demonic Entities

Following this logical and scientific pathway, the answer was "b", Demonic Entities. Throughout Section 3 of "The THEorY of LIVEvolution" I documented no shortage of human 'channelers' of these invisible UFO like entities amongst many including those behind the Freemason/Illuminati/"New" Age types who are currently (August 2009) finalizing "The Great Plan" or simply "The Plan" of the impending one world, slave state gulag (This "New World Order" or government of man is also known as "The Age of Aquarius"). A *small* handful of these 'channelers' past and present include:

- Manly Hall, high level Freemason historian and occultist, aka "The Mouthpiece of Masonry"
- Helena Blavatsky, high level Freemason occultist, Adolf Hitler inspiration and main cog in the current "New" Age machine,
- Alice Bailey, founder of the UN-dead's Lucifer's Publishing Company,
- Elizabeth Claire Prophet, last but not least, founder of Summit University in loony umm Los Angeles California who brought us so much in relation to our new friend, RC Christian through her "contact" with the "Ascended Master" Count of Saint Germaine.

What I began to notice is that all the bull**** in regards to names, calls for world peace, one world government, evolution and of course environmentalism from these "cosmic messengers", "Ascended Masters" and so-called "UFOs" are *exactly* the same (See Section 3p of "The THEorY of LIVEvolution" in particular).

B. “THEY Live”: Aliens Among Us

I found another gem that couldn't accentuate the foregoing point any clearer. Ruth Montgomery who is described as “...one of America's most beloved writers” and a “...syndicated Washington Columnist on politics and world affairs” wrote a book entitled “Aliens Among Us”.

This gem of “New” Age wisdom quells any doubt about the creative genius and disturbing accuracy of John Carpenter's movie “They Live”. As usual I will try to apply logic here to make my simple case: *this bull**** is all the same*. As such here is the general outline for Section B:

- I. Walk Ins
- II. Teleportation
- III. Common Messages
 - a. Divine Sparks
 - b. One World Government
 - c. Koot Hoomi
 - d. Orion/Osiris
 - e. Invasion of the Environmental UFOs

I. Walk Ins

In her recent book “Strangers Among Us” Ms. Montgomery “first told the world of Walk-ins”. I didn't have the pleasure of reading that particular book but I grabbed her latest “Aliens Among Us” and well let's get Ms. Montgomery's take:

The purpose of recalling these little vignettes, which concern my personal involvement, is to demonstrate that gradually, under the influence of my Guides, I have come to firmly believe in unseen forces that are not apparent to the human eye. During these years my unseen friends have gradually convinced me of the reality of communicating between the living and the so-called dead, as well as between plants and humans. I have become a firm believer in reincarnation, and in the concept that a high minded soul in the spirit realm can exchange places with another soul who wishes to depart the physical plane, by entering as a Walk-in....Just because I personally had not encountered a UFO did not mean that the reports of others to whom I respected could not be as reliable as my own would have been. (1)

Hmm. This sounds exactly like the concept of demonic possession discussed in the Book of Matthew:

When the unclean spirit is gone out of a man, he walketh through dry places, seeking rest, and findeth none. 44 Then he saith, I will return into my house from whence I came out; and when he is come, he findeth *it* empty, swept, and garnished. 45 Then goeth he, and taketh with himself seven other spirits more

wicked than himself, and they enter in and dwell there: and the last *state* of that man is worse than the first. Even so shall it be also unto this wicked generation. (Verses 12:43-45)

Perhaps not coincidentally, this Biblical passage was relevant in the **Count Dracula** link as well. So yes there is a direct connection between “Vampires” and “UFOs” and the bridge that helps cross the gap is the Bible. Come to think of it the bridge that connects the gods of “mythology” to the reality of the Ancient Egyptian “gods” or ILLUMINATED beings was the Bible as well (see Section 3d of “The THEorY of LIVEvolution” and Genesis 6 for starters).

II. Teleportation

So how do these “Walk-ins”, “Guides” and “UFOs” arrive here? Teleportation of course. In the **Kosmos** link discussed above, I demonstrated that the concept of teleportation (i.e., the dissolution of a physical entity in a specific location to physical re-construction in another location instantaneously) is theoretically possible and has even been demonstrated on a molecular scale by scientists in Germany. Here Ms. Montgomery’s “Guides” tell her a very similar story:

I asked the Guides for further detail about their travel, and the Guides wrote: “Space Aliens are able to dissolve the atomic structures of their spaceships as well as their bodies and to reassemble the atoms as they reach earth’s outer stratosphere. It is a feat that some ordinary earthlings with extraordinary psychic talents have been able to perform within the earth’s atmosphere. We speak now of the avatars and certain Hindu Yogis in particular. (2)

So what Ms. Montgomery’s “Guides” tell her is theoretically possible as per modern day physics (and has even been demonstrated on a molecular scale as just discussed). And “New” Age guru/Adolf Hitler inspiration Helena Blavatsky repeatedly refers to the Hindu Yogis who seem to be ILLUMINATED or “Enlightened” due to their unique ability to contact the “Ascended Masters” in the most glowing terms, no pun intended.

Continuing on this thought, just before God, the real One, panted Sodom and Gomorrah with fire and brimstone He sent two angels in physical form. These two were sent to warn Abraham’s nephew Lot to skip town. So if God’s, the real One, angels can take human form then why shouldn’t Lucifer “the angel of light” who was at one time second in command to God, the real One, and his angels (those who rebelled against God the real One originally) be capable of the same? Remember, this is in the Bible and believing that Book is an all or nothing proposition. And besides, we have Ms. Montgomery’s “Guides” to corroborate this concept originally explained by God, the real One:

My Guides have repeatedly stressed that spaceships are nonessential for the conveyance of spacelings to earth. These highly developed entities, they insist, are able to reassemble the atoms of their bodies within our atmosphere so that they become visible, physical beings, and can as easily disassemble the atoms

when they wish to disappear. If true, it may be the only logical explanation for the cases that I will now relate. (3)

Ms. Montgomery then goes on to document multiple independent cases of these types of encounters. Now before you go away laughing be aware that multiple well known scientists have undertaken *scientific* investigations and have come up with similar conclusions. For example well known French astrophysicist Jacques Vallee (the real life person behind the La Combe character in “Close Encounters of the Third Kind”) and biologist Ivan Sanderson have come to the same basic conclusion: there are way too many independent “stories” like this to simply laugh off. Mr. Vallee even tied one of the more popular UFO cults “The Order of Melchizedek” (named after Old Testament priest “Melchizedek”) directly to the Rose-Cross Degree of Freemasonry; so RC Christian of the 18th or Rose-Cross Degree of Freemasonry strikes again. (In order to avoid redundancy the reader is invited to read the **Kosmos** link on the MYSTERY, BABYLON USA page).

III. Common Messages

Now for the fun stuff. Let’s get some of the quotes from Manly Hall’s “cosmic messengers”, Helena Blavatsky’s “Ascended Master” Koot Hoomi and Lucifer Publishing Company’s (and current United Nations NGO) founder Alice Bailey’s “Ascended Master” Djwhal Khul and lay them side by side with Ms. Montgomery’s “UFO Guides”.

a. Divine Sparks

In Section 3j of “The THEorY of LIVEvolution” I came up with this quote right from “New” Age founder Helena Blavatsky’s “Secret Doctrine”:

The intellectual difference between the Aryan and other civilized nations and such savages as the South Sea Islanders, is inexplicable on any other grounds. No amount of culture, nor generations of training amid civilization, could raise such human specimens as Bushmen, the Vedddhas of Ceylon, and some African tribes, to the same intellectual level as the Aryans, the Semites, and the Turanians so called. The ‘sacred spark’ is missing in them and it is they who are the only inferior races on the globe, now happily – owing to the wise adjustment of nature which ever works in that direction – fast dying out. Verily mankind is of ‘one blood’, but not of the same essence. We are the hot-house, artificially quickened plants in nature, having in us a spark, which in them is latent (4)

So one can see immediately the concept of this “sacred spark” needing to be lit so one could ILLUMINATE himself or herself to “Gnosticism” (yes the same “G” of Freemasonry we’ve been discussing repeatedly) that man can become God, the real One. Of course if you’re one of the “inferior races on the globe” you then become expendable since you’re not capable of the next step of spiritual “evolution” (yes those that believe that “evolution” has anything to do with Darwinian “biology” like monkeys learning to

build computers and walking fish are well Darwinian Dumbos). Of course when humanity tries to decide who is expendable for itself this ejects God, the real One. Subsequently people like Adolf Hitler tend to pop up to take matters in to their own hands as they try to create an Aryan only “master race”.

By the way, the government deciding who is expendable was undertaken in the Progressive eugenics movement in America and is now at the forefront of Barak Obama’s “free” Government Health Care. Of course American eugenics was the inspiration to the Bohemian madman known as Adolf Hitler and friends like Ernst Rudin, Joseph Mengele and Klaus Barbee. Anyway, here’s Ms. Montgomery’s UFO like “Guides” on a similar sounding “sacred sparks” concept to Ms. Blavatsky:

The Guides long ago told me that we human souls all began simultaneously as “sparks from God”. Now they were writing: “The souls in other galaxies are just as much a part of the Creator as are we. They originated as we did in that original burst of creative energy in which all souls began as companions and co-creators with God. (5)

As is usually the case with these types of things the concept sounds so good on the surface like the “Guides” tell us here but when you scratch that surface a little bit it rears its ugly head like say the aforementioned American “Progressive” eugenics movement of the early twentieth century that inspired Adolf Hitler.

Say isn’t Barak Obama, who did his best Hermes (i.e., RC Christian) impersonation with that columns stunt at the 2008 Democratic National Convention, a “Progressive” as well?

b. One World Government

Freemason historian and 33rd Degree Freemason Manly Hall, the “Mouthpiece of Masonry”, was oft quoted in Section 3 of “The THEorY of LIVEvolution”. He referred to things like “world commonwealth”, “imperishable democracy”, “the Great Plan” (yes the same “Great Plan” discussed in the previous **Great** link), etc. Follow these quotes taken from “the Mouthpiece of Masonry” himself and see if some of his “bs” sounds familiar:

The need for guidance actually increases with the complexity of mundane affairs. All of sincere heart find consolation in the conviction that powers beyond and above human corruption continue to administer the destiny of the globe. It would be a mistake to confuse this governing body with the various sects which pretend to authority, but give no indications or proof that they can manage efficiently their own affairs (6)

“Pretend to authority” is the exact same concept of RC Christian’s anti-Commandment #7, “Avoid petty laws and useless officials”. This next one is a goodie:

The landmarks are not obvious to the profane, but years of familiarity with the proportions of the project enable the thoughtful to recognize the unfolding of the Great Plan. The truth is more obvious among those peoples whose religions acknowledge the existence of an invisible government. This has always been concealed in the descent of the Western Mystery religion. (7)

Mr. Hall quoted Helena Blavatsky with the term “imbecile majority” (one of my favorites). Hint: “profane” = “imbecile majority” = those who lack the “sacred spark” = not just “African tribes” = look in the mirror. Of course “invisible government” implies the real government running the show which yours truly contends is Skull and Bones of Yale University along with its overlapping offshoots like the Council on Foreign Relations, Trilateral Commission and Bilderberg Group. And of course all of these groups ultimately worship, Osiris/RC Christian, the ultimate “Ascended Master” or should I say “UFO”? (see **ILLUMINATI** link in this series).

This next passage from Section 3 of “The THEorY of LIVEvolution” quoting more of Manly Hall includes some of my own comments:

*Truth always comes to man through man. The great initiate-teachers have offered their own souls...
(a-hem, couldn't resist this one or sold their souls is more like it)
...as channels for the distribution of cosmic truths.*

Wait a second. Cosmic truths? Channels? Sounds like these guys are a bunch of astrologers who are channeling beings from outer space and offering THEM their own souls. That's odd. Channelers...sounds like many in the “New” Age movement who channel all kinds of spirits and the like. What the hell, pun intended, is going on here? Hang on to your hats it still gets better...

Obviously the Great Schools, functioning through their trained and appointed messengers, constitute the highest leadership available to man or required by man. In order, however, that their work be accomplished it is not sufficient that they have the needed vision. This vision must be communicated. It must be extended throughout human society until humanity redeems itself by the experience of enlightenment. The security that the world seeks cannot be bestowed; it must be earned. When a sufficient number has attained this true degree of leadership, the imperishable democracy of the sages will become a fact in the mortal sphere. (8)

“Imperishable democracy of the sages will become a fact in the mortal sphere” implies that “the sages” are here and always have been like say our new friend, the “Ascended Master” RC Christian.

Let's not forget Ms. Montgomery, here once again are her “Guides”:

To understand why they arrive on earth is to explore the plan of universal brotherhood since all of us began as sparks cast off by the Creator. As these souls acquired identity and free will they moved from one space to another...Some visited the earth, while others sought experience on different planets and orbs.
(9)

Notice her “Guides” talk the same exact language of several “New” Age occultists:

- a) Manly Hall (“plan of universal brotherhood” = “imperishable democracy” = “world commonwealth” = “The Great Plan”),
- b) Alice Bailey’s Lucifer Publishing Company’s very own “Ascended Master” Djwhal Khul, the Tibetan (“plan of universal brotherhood” = “the Plan” = “the Great Plan”)
- c) Helena Blavatsky (“sparks” = “sacred sparks” = divine sparks”).

Speaking of “universal brotherhood” being disseminated from “cosmic messengers”, “Ascended Masters” and “Guides” I seem to remember this gem of wisdom from the “Ascended Master” Count of Saint Germaine (as opposed to the “physical” RC Christian of the Georgia Guidestones and the Rosicrucian Enlightenment, refer to the **Who Is RC Christian?** link):

Adepts are

“...an initiate of the Great White Brotherhood of a high degree of attainment especially in the control of Matter, physical forces and nature spirits...fully the alchemist undergoing advanced initiations of the sacred fire on the path of the ascension. (10)

This passage was “channeled” by the founder of Summit University, Peoples’ Republic of California founder and “New” age guru Elizabeth Claire Prophet. What’s really “funny” is that Adolf Hitler used the American Progressive (and Rockefeller Foundation financed) American eugenics movement as the model for his own implementation of “race hygiene” to achieve his very own Aryan only “Great White Brotherhood” as he sought to re-instate the white race of the Island of Tula. This “Tula” in turn reads just like “Legendary” Atlantis. Of course the “legend” of Atlantis reads exactly like the concept of Genesis 6 where God, the real One, registers His disgust with wicked mankind and their alliance with the “nefilim” (or “fallen angels”) that I contend is this “Great White Brotherhood” of ILLUMINATED beings that are exactly the same as the “gods of mythology”. So one would have to say Adolf Hitler fit perfectly “spirit of anti-Christ” as he sought a society directly opposed to Jesus Christ, the real One (i.e. God in the flesh).

Is it me or is there something more going on here as “the spirit of anti-Christ” represented by our new friend RC Christian, Adolf Hitler and now Ms. Montgomery’s “Guides” all seem to be pushing for the same thing?

Here Ms. Montgomery’s “Guides” wrap everything up as “THEY” equate “New Age” to “New Order in the earth” (i.e., “New World Order”):

“...Some are here to instill awareness and love of the Creator, while others are here to advance us in the earth realm technologically and stop our pollution. Some are pure exploratory missions to sample our atmosphere and observe preparations for earth’s shift. They are harbingers of a new order, and their services will be welcomed in putting earth back into operation after the shift, but those whose spiritual advancement is beyond and above that of the present earthlings will have the major role in establishing the New Age and the New Order in the earth”. (11)

c. Koot Hoomi

In the “THEorY of LIVEvolution” I tracked several of the more prominent “Ascended Masters” or “cosmic messengers” including the Count of Saint Germaine (i.e., our new friend RC Christian) ‘channeled’ by Elizabeth Claire Prophet, Koot Hoomi, the “Ascended Master” ‘channeled’ by Helena Blavatsky and Djwhal Khul, the “Ascended Master” ‘channeled’ by Alice Bailey, founder of the UN-dead’s very own Lucifer’s Publishing Company. Hell, pun intended, it was noted in the **Holy Grail** link that these three “Ascended Masters” communicated *with each other*. This gem of wisdom ‘channeled’ by Lucifer’s Publishing Company founder Alice Bailey showed up in the **Holy Grail** link and is reproduced here for convenience:

The Master Djwhal Kuhl, or the Master DK as he is frequently called, is another adept on the second Ray of Love-Wisdom...His body is not a young one and He is a Tibetan...He is profoundly learned, and knows more about the Rays and planetary hierarchies of the solar system than anyone else in the ranks of the Masters...He occupies himself with various pupils of different Masters who can profit by His instruction, and within the last ten years has relieved both the Master M. and Master KH of a good deal of Their teaching work, taking over from Them for certain stated times some of Their pupils and disciples. He works largely too with certain groups of the devas...in the work of healing some of the physical ills of humanity. (12)

It was noted that ‘Master M’ was none other than our friend RC Christian (to avoid redundancy the reader is referred to the **Holy Grail** link). Also, “Master Djwhal Khul” is also known as “the Tibetan”, today, 2009, to those at the UN-dead’s Lucifer’s Publishing Company. And “Master KH” refers to none other than Helena Blavatsky’s “Ascended Master” Koot Hoomi.

Here, once again, are more of Ms. Montgomery’s “Guides”:

The most prolific of these channelers is Thelma Terrell of Durango, Colorado, better known to her wide following simply as Tuella, the “space name” assigned to her by Ashtar Command, and intergalactic fleet that has been allegedly circling us in outer space for a millennia. In several loose leaf type books published by her Guardian Action Group, the best known of which is “Project: World

Evacuation” Tuella presents urgent messages from “Command Ashtar, the highest authority for our hemisphere,” and from such other formidable sounding crew members as Hatonn, Lord Kuthumi, Monka and Andromeda Rex. (13)

Besides the reference to “Lord Kuthumi” that equates to “Koot Hoomi” notice the name “Andromeda Rex”. Andromeda happens to be another ‘modern’ constellation so named after one of those silly ‘stories’ from Greek “mythology” that equates eerily with the war of God, the real One, against the nefilim discussed in Genesis 6.

And don’t forget the “legends” and “prophecies” of the Northern Europeans and Intuits whereupon the dead will return to attack the living in an account that reads just like the Book of Revelation (see **Odin/Quetzalcoatl and the return of THEM** link).

d. Orion/Osiris

Osiris eventually became the main god of Ancient Egyptian “mythology” and has already been directly linked to our new friend RC Christian throughout this series of links (for example see the **Thoth/Hermes/Mercury** and the **Holy Grail** link). The “Great” Pyramid of Giza is reproduced on the back of “your” “Federal” “Reserve” Note and on top of Saint John’s Cathedral (see images on top of the home page). The “Great” Pyramid along with the two other smaller pyramids of Giza pay homage to Osiris in multiple ways. One of these ways is their earthly alignment which mirrors three stars known as “the belt of Orion” essentially equating the constellation Orion with Osiris. Here, once again, are Ms. Montgomery’s “Guides”:

Tuella is definitely in touch with this fleet that is circling the earth,” the Guides flatly asserted. “Her home constellation is Orion, but for a long time she was one of the principal members of Ashtar Command

I protested that I was somewhat turned off by some of her messages that purport to come from Jesus, the Mother Mary and other saints, and the Guides responded: “She would be wise not to infuse so much Biblical religion into her messages, as the Ashtar Command is non-denominational and like all spacelings worships the one Creator of us all. (14)

One must also ask, isn’t it funny how these “Guides” would be so concerned with our “Biblical religion” even as THEY describe themselves as “non-denominational”?

e. Invasion of the Environmental UFOs

We’ve already discussed how Ms. Montgomery’s “Guides” have shown a keen interest in establishing “a New Order on the earth” now we can see “THEIR” concern for our environmental well being:

A space being called Rolf who occasionally writes to me through the Guides declared: “Ruth, it is vital that you get the message across to others that we are coming in great numbers, not with any intention of harm, but to help rescue earth

from pollution and nuclear explosions. We want all to live in harmony....We of other galaxies are fearful that the earth will become so polluted by nuclear armaments that it will affect the stratosphere and endanger other forms of celestial life. (15)

Besides the fact it's kind of funny that these "Guides", who are free to roam the Universe, would be concerned about the environment on puny "Spaceship Earth" notice the bit about "we are coming in great numbers". This implies some kind of UFO like invasion as these "Guides" become more and more apparent and obvious. Is there corroboration of this "invasion" as being more than just "mythology" or science fiction? Based on my research the answer is a definitive "yes". For instance:

-In Section 3d of "The THEorY of LIVEvolution" I documented how these "UFO" like "gods" were commonplace in many Ancient cultures. Ancient Egypt, the ire of God the real One, in many Books of the Old Testament, based its whole culture and political system on the worship of these "gods" of "mythology", Osiris in particular.

-Millions of human sacrifices from the pagan cultures of the past including the Mayans, Druids and Egyptians were made to these "mythological gods" and "the afterlife".

-Famous World War II and Korean War General Douglas MacArthur claimed the next world war would involve UFO like entities.

-In several of the stories on the relevant news stories page I documented multiple inexplicable cases of "UFOs" that have occurred both here and abroad over the last several years (even in 2009).

-I've already documented numerous cases of "New" Age weirdoes and high level Freemason types who have 'channeled' these 'cosmic messengers'. Here is Alice Bailey, prominent "New" Ager and founder of the UN-Dead's Lucifer's Publishing Company, right out of her book "Externalization of the Hierarchy":

(16)

Notice the title of this particular section, "The Evolutionary Progress of the Race". So just like her "New" Age predecessor Helena Blavatsky, Ms. Bailey's view on "evolution" has a lot more to do with weeding out the "imbecile majority" by an

mentary of planetary evil, demonstrated through the destructive war of the past few years (1914-1945), great and permanent good can come; the spiritual Hierarchy stands ready to evoke the good latent behind the work of destruction which has been done, but this can be so only if the goodwill of humanity itself is employed with adequate invocative power. If this goodwill finds expression, two things can occur: first, certain potencies and forces can be released upon the earth which will aid men's effort to attain right human relations, with its resultant effect—peace; secondly, the forces of evil will be so potently defeated that never again will they be able to wreak such universal destruction upon earth.

Years ago I said that the war which may follow this one would be waged in the field of the world religions. Such a war will not work out, however, in a similar period of extreme carnage and blood; it will be fought largely with mental weapons and in the world of thought; it will involve also the emotional realm, from the standpoint of idealistic fanaticism. This inherent fanaticism (found ever in reactionary groups) will fight against the appearance of the coming world religion and the spread of esotericism. For this struggle certain of the well-organised churches, through their conservative elements (their most powerful elements), are already girding themselves. Those sensitive to the new spiritual impacts are still far from powerful; that which is new always faces the supreme difficulty of superseding and overcoming that which is old and established. Fanaticism, entrenched theological positions, and materialistic selfishness are to be found actively organised in the churches in all continents and of all denominations. They can be expected to fight for their established ecclesiastical order, their material profit and their temporal rule, and already are making the needed preparations.

The coming struggle will emerge within the churches themselves; it will also be precipitated by the enlightened elements who exist in fair numbers already, and are rapidly growing in strength through the impact of human necessity.

ILLUMINATED “Great White Brotherhood” a la Adolf Hitler and his American eugenics hero and Planned Parenthood founder Alice Bailey than any Darwinian Dumbo garbage about walking fish and life producing random explosions.

f. Twinkling of an Eye

Also, this invasion (i.e., “externalization”) of these “UFOs” means even the governments of the world won’t be able to keep the wraps on the “UFO phenomena” any longer as physical sightings increase exponentially (as is beginning to happen now 2009). The “externalization” will show up relatively quickly according to Ms. Montgomery’s “Guides”:

Tuella quotes Andromeda Rex as follows: “The Great Evacuation will come upon earth very suddenly. The flash of emergency events will be as the lightning that flashes in the sky. Our rescue ships will be able to come in close enough in a twinkling of an eye to set the lifting beams in operation in a moment. (17)

Perhaps not by coincidence, in I Corinthians the Apostle Paul refers to an event where Jesus Christ, the real One, also shows up “in the twinkling of an eye”:

In a moment, in the twinkling of an eye, at the last trump: for the trumpet shall sound, and the dead shall be raised incorruptible, and we shall be changed (Verse 15:52)

This is the same exact type of language used by many prominent “New” Agers with the return of the Mayan god Quetzalcoatl in December 2012. Prominent “New” Age author William Henry refers to a similar sounding event as when “the serpent’s rope” will be extended to us lowly earthlings as a means to escape whatever conflagration (Armageddon?) is happening down here on Spaceship Earth.

So just how widespread are the messages of these “Guides” on an unsuspecting if not outright naïve humanity? Very widespread I fear:

The spiritual contactee is now proving a thousand times more effective in the enfolding of light and understanding in the quiet ways that the exploited physical contactees of the past could ever be. Now the changes are coming from within and working outward rather than the former process in reverse”. (18)

And what is kook central for many of these contactees who try to reach their “Ascended Masters” in the “Kosmos”? Enter stage left the UN-dead...

g. “Sustainable Development” & World Government:120 Wall Street, Mystery Babylon USA

This next excerpt was extracted from “The THEorY of LIVEvolution”. Although there’s no specific direct quote from Ms. Montgomery’s “Guides” notice the disturbingly exact language emanating from 120 Wall Street, the home of Lucifer’s Publishing Company, in regards to these “Guides” and our current crop of radical eco-wacko, UN-dead lunatic crackpots and wacked out nature freaks that just so happen to occupy another address you might be familiar with, 1600 Pennsylvania Avenue. Also, keep in mind this segment is based on the writings of Alice Bailey and her “Ascended Master”/UFO guide called Djwhal Khul. This is the same Alice Bailey you just read discussing the “Externalization of the Hierarchy”. (I highlighted certain sections for emphasis).

Enjoy.

Getting back, there is one address that is probably the most important of all: 120 Wall Street. This is home of the Lucis Trust and many of its offshoots. The woman who is most singularly regarded as the initiator of the “New” Age originally started the whole thing off in a company originally named the “Lucifer Publishing Company” in the 1920s. The company was renamed to Lucis Trust to avoid any association with Lucifer, the so called “Angel of Light” who the Freemasons regard as the real god and the real God calls Satan. The woman’s name is Alice Bailey. “Her” writings are still regarded today as the wisdom and justification for the attainment of world peace and the epitome of our “spiritual evolution” that was attempted by those in the “Great Mystery Schools” of Ancient Egypt. “She” is regarded by many as the person most singularly responsible for the “New” Age. In fact most of “her” thoughts have much in common with Ancient Egyptian theocracy; therefore the “New” Age isn’t really that new. The whole Ancient Egyptian system is the true origin of the THEorY of LIVEvolution and the nature worshipping eco wacko lunatics (yes this is documented and discussed as well). I put her name in quotes because she gives credit of most her work to someone she referred to as “Djwhal Khul, the Tibetan”. This is kind of funny considering that Djwhal Khul isn’t even human but a so-called “Ascended Master” from the “Astral Plane” in “the cosmos”.

Did you get that?

Let me repeat. The so called mother of the “New” Age ghost wrote most of her work and “she” is today regarded as Numero Uno by many at the UN-dead; the same UN-dead we all support with our “Federal Reserve Notes”. My friends this isn’t a bunch of tree worshipping Goddess Earth nature freaks dancing around in the middle of the forest somewhere. Lucis Trust and “DK” as he’s affectionately called have been influencing many of today’s top leaders that have a direct influence on our very lives. Lucis Trust is an NGO, non-governmental organization, of the UN-dead and according to its own pamphlet it’s on the Roster of the United Nations Economic and Social Council. The UN-dead describes this Council as coordinating “...the UN’s work in the economic and social fields and promotes sustainable development, respect for human rights, poverty eradication and education for all.” How about that? “DK” is a Communist just like “his” followers at the UN-dead. I bet you’ve heard of “sustainable development”. Its address is 120 Wall Street, Mystery Babylon, USA. These people, under the guidance of “DK”, aren’t screwing around. In Section 3 “DK”, whom I believe is Satan himself or at least high up on the demonic pecking order, will be discussed at length.

For now, the following is a quote from “The United Nations: Humanity’s Challenge” by World Goodwill, another NGO of the UN-dead, 120 Wall Street, Mystery Babylon, USA:

*Hovering over the United Nations, symbolically, it could be said is a great universal even armed cross of service. This is not a religious symbol, but it does have a deep spiritual significance. The very presence of the UN in the world is evidence of humanity’s expansion growth in consciousness toward a vision of a universal order of nations. **As a world organization, it is a vehicle through which human consciousness can expand beyond the confines of national boundaries, to the world as a whole.** Nationalism is now too selfish and separative to express the growing universal consciousness. Inspired from above – by the universal soul – the UN enables human beings to reach out through its service agencies to serve the needs of struggling humanity. This can be seen, therefore, as an even armed cross with the vertical of spirit and soul manifesting through the horizontal arm of world service. This is a profound expression of humanity’s destiny and purpose.*

The United Nations is also a symbol of synthesis. It draws all of the current nations of the world together into a circle of universal purpose...This is the intended purpose of the United Nations and why it was created in the first place. (2)

Later on we’ll look at something called the “Great Plan” or simply “the Plan”. Lucis Trust puts out another pamphlet known simply as “A Vision of the Plan”. Here are some excerpts:

*The Plan exists in the world of ideas, in levels of the Universal Mind higher than the human. **The Custodians of the Plan called by some the Spiritual Hierarchy, are the Saints, the Bodhisattvas and Avatars of all times, Who have passed beyond the human stage of consciousness...**When an individual or group gets a brief glimpse of a vast, timeless idea like Justice or Beauty, ideals are formed...We can then unfold our evolutionary potential more effectively...(3)*

My friends in a nutshell, no pun intended, reading into these statements just a little encompasses the “conspiratorial view of history” that dates back to the death worshipping religion of Ancient Egypt and is ALIVE today at the UN-dead. It also alludes to the real purpose of the THEorY of LIVEvolution and I will say it again and again: Have no doubt it has nothing to do with science and its permeation into our society is not an accident.

Here’s another heads up. Robert Muller, who is largely responsible for ‘Goals 2000’ that you might know as Outcome Based Education is a big Lucis Trust and “DK” fan. Did you get that? A “guy” whom isn’t really a guy has a direct influence on the next generation of leaders of this once great nation. How long do you think God, the real One, will put up with this tripe from a nation that started out as by a group of men paying homage to Him? Of course if you don’t believe in Him and rely on the Orwellian history of “Separation of Church and State” supported by a bunch of ACLU Communist low lives (No this isn’t “reactionary” or “McCarthyism” the ACLU was in fact started by a bunch of Communists. And “low lives”, as I will point out later, is actually giving them too much credit.) and than combine this with the less than flimsy THEorY of

LIVEvolution supported by another group of fools known as “Americans United for the Separation of Church and State”, this doesn't really matter, does it?

Before you leave this section there are some common themes touched on here that are relevant to other links on this RC Christian page. For example, we have the “*The Custodians of the Plan called by some the Spiritual Hierarchy...*” that we've already tied to the “Externalization of the Hierarchy” and Ms. Montgomery's “Guides”. Also tied in here we have “sustainable development” that is the rallying cry for today's eco wackos and our very own Communist in chief Obama and various UN-dead eco-wacko friends.

Finally, we have “*This can be seen, therefore, as an even armed cross with the vertical of spirit and soul manifesting through the horizontal arm of world service.*”. This kind of verbiage ties directly in to the discussion on crosses where we ended up, once again, at the feet of Adolf Hitler via the Nazi Swastika...the same ‘cross’ that also happens to show up on the cover of Helena Blavatsky's “Secret Doctrine”. Perhaps the most important ‘cross’ is that of the cross representing nature-Egyptian goddess Isis upon which the Rose symbolic of RC Christian is nailed in the “Chymical Wedding” (see the **X** link). This “Chymical Wedding” brings us back to familiar ground. It is the union of the “Ascended Master”/UFO RC Christian to the whore-nature goddess and UFO Isis/ “Venus-Lucifer”. Another association of Isis is that of the constellation Virgo, “the virgin”. How one can be a goddess of whoredom and a virgin at the same time is anyone's guess. Anyway, these astronomical associations imply an outer space or UFO like origin of those that named “her”, the Ancient Egyptians. Another association of Isis...is...TA DA...Mother Earth, the Greek goddess Gaia which today serves as the name of one of the many wacked out theories of the eco wackos, “The Gaia Hypothesis”.

When these two, RC Christian-Osiris and Isis-“Venus-Lucifer”-Gaia, get together in this “Chymical Wedding” symbolized by the “Rose-Cross” it will be the ultimate union of the male-female principle of Freemasonry or “The Age of Reason” or “The Age of Aquarius”.

There are your Environmental UFOs in a nutshell, no pun intended.

Isn't this fun?

C. Conclusion

Interestingly enough the world's first astronomers were the Ancient Sumerians generally regarded as the earth's first organized civilization (after the Flood that is). From this origin came Babylon and eventually the number one enemy of God, the real One, Ancient Egypt and its plethora of gods and goddesses most notably Osiris and lovely wife/sister Isis. From these early “astrologers” came today's science of astronomy. But these Ancient “astrologers” were more than your Boardwalk palm reading clowns that you may be familiar with in today's world.

“New” Author Zachariah Sitchin has written numerous books on this whole concept of Ancient astronomers and contact with “UFOs”. Let’s take a look at a couple of instances that help illustrate that these Ancient cultures were more than just some stone throwing borderline Neanderthals and their “gods” were more than just “mythology”. Here is an image you should be familiar with if you’ve read through the **Cathedrals** and **Holy Grail** link in this series:

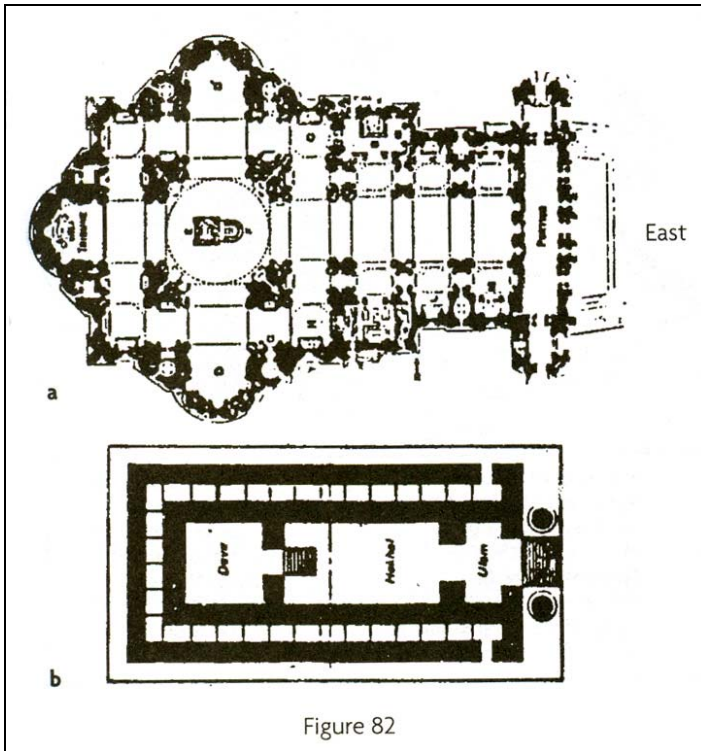

Figure 82

And here’s Mr. Sitchin’s assessment that ties the beloved Catholic Church in to this whole mess of Ancient Egyptian sun god (i.e. Osiris-RC Christian) worship:

And then there is the Vatican itself, with its links on the twelve Apostles; with St. Peter’s basilica built, like the earlier temple of Solomon in Jerusalem, as an equinotical temple facing precisely east with an *Egyptian* obelisk in the center of St. Peter’s round plaza which is marked off to indicate the twelve houses of the Zodiac. The links to the ancient past, on the other side of the Mediterranean Sea, are all over the place. (19, Emphasis in original)

And of course the Ancient Egyptians managed to build the “Great” Pyramid as thoroughly discussed in Section 2d of “The THEorY of LIVEvolution”. The forerunners to Ancient Egypt, the Sumerians, were no slouches themselves. Somehow they had managed to produce what modern day scientists are calling the world’s first analog computer. The image of what was discovered at the bottom of the Mediterranean Sea is presented here:

Today’s top scientists have surmised that this device was used to “predict solar and lunar eclipses”. Here’s Mr. Sitchin’s take on this situation:

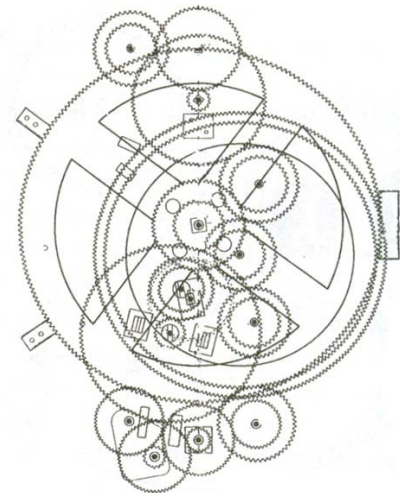

Image from Zecharia Sitchin “Journeys To the Mythical Past”

When it came to the question of Who had such technology centuries BC, the team's best guess stayed with the Hipparchus/Rhodes island suggestions, although they repeatedly stressed that there has not been found anything like it from either before or after times; the only much simpler geared mechanisms appeared in Europe than a thousand years later. As to Who had the astronomical knowledge required for devising the Mechanism, they recognized – through without elaborating – the “Babylonian legacy.” As to Who needed such a mechanism and what for, Prof. Edmunds simply said: We don't know. But another team member's answer was: “This would have been important for timing agricultural and religious festivals.”

One is amazed by such a ridiculous answer as one is amazed by the incredible technological, scientific, and astronomical aspects of the Mechanism; its existence in its time frame is as astounding as if Jesus communicated with his disciples via cell phone...(20)

Obviously discovering and investigating these anomalies is a life long pursuit and Mr. Sitchin has done just that producing numerous books that tie the gods of “mythology” into human and Biblical history (and I invite the reader to research them for his/her personal edification). The important point to consider is that there was obviously some kind of human and “alien” or “Ascended Master” contact happening on a regular basis in the millennia leading up to the birth of Jesus Christ, the real One.

And now all of a sudden “THEY” are concerned about our environment?

I reiterate: Whose verbiage also ties directly into all of this nice sounding UFO “Great White Brotherhood” stuff besides Adolf Hitler? That would be none other than the ultimate “anti-Christ”, the “Ascended Master” known as Saint Germaine, aka our new friend RC Christian.

In isolation many of these things may very well sound “crazy”. But at what point does the rational person say “time out”, there's a pattern of something much bigger going on here? The people I've referenced are not insignificant, all have had a profound effect on world history for the last century and a half and continue to do so today, 2009.

So, once again I ask, is this all some silly “conspiracy theory”?
