The Bilderberg Group

This very powerful group wasn’t given the attention it deserves in “The THEorY of LIVEvolution” simply because to do so would have made the book that much longer since there’s so much to this “conspiracy”. What this situation does do is support my supposition that “They” are ubiquitous and are essentially running the show. Bilderberg was brought back into the mix to show how far gone this country really is; at least if you consider the Constitution the Law of the Land and not some “living document” that needs to account for…well I’ll let David Rockefeller and his band of merry maker criminal bankstas’ choice, Manchurian Candidate Barak Obama explain (from “Wyoming Lawmakers Oppose Constitutional Convention”, WorldNetDaily.com, December 16, 2008):

Melody Barnes, a senior domestic policy adviser to the Obama campaign, has told Fox News, Obama's "view is that our society isn't static and the law isn't static as well. That the Constitution is a living and breathing document and that the law and the justices who interpret it have to understand that."

WND also reported Obama believes the Constitution is flawed, because it fails to address wealth redistribution, and he says the Supreme Court should have intervened years ago to accomplish that.

Obama told Chicago's public station WBEZ-FM that "redistributive change" is needed, pointing to what he regarded as a failure of the U.S. Supreme Court under Chief Justice Earl Warren in its rulings on civil rights issues in the 1960s.

The Warren court, he said, failed to "break free from the essential constraints" in the U.S. Constitution and launch a major redistribution of wealth. But Obama, then an Illinois state lawmaker, said the legislative branch of government, rather than the courts, probably was the ideal avenue for accomplishing that goal.

In the 2001 interview, Obama said:

If you look at the victories and failures of the civil rights movement and its litigation strategy in the court, I think where it succeeded was to invest formal rights in previously dispossessed people, so that now I would have the right to vote. I would now be able to sit at the lunch counter and order and as long as I could pay for it I’d be OK

But, the Supreme Court never ventured into the issues of redistribution of wealth, and of more basic issues such as political and economic justice in society. To that extent, as radical as I think people try to characterize the Warren Court, it wasn't that radical. It didn't break free from the essential constraints that were placed by the Founding Fathers in the Constitution, at least as it's been interpreted, and the Warren Court interpreted in the same way, that generally the Constitution is a charter of negative liberties. Says what the states can't do to you. Says what the federal government can't do to you, but doesn't say what the federal government or state government must do on your behalf.
And that hasn't shifted and one of the, I think, tragedies of the civil rights movement was because the civil rights movement became so court-focused I think there was a tendency to lose track of the political and community organizing and activities on the ground that are able to put together the actual coalition of powers through which you bring about redistributive change. In some ways we still suffer from that.

By the way did anybody catch the name of the title from which this passage was extracted? Funny I didn’t hear about a CONSTITUTIONAL CONVENTION on FOX sNEWS, did you? Ah screw it at least I knew it was Britney’s Spears’ birthday two weeks ago. Well let’s not get sidetracked with annoying details.

The Bilderberg Group was the brainchild of multiple gang banker types in the earlier fifties including one David Rockefeller, Averell Harriman, Bedell Smith, and John McCloy in the United States and some guy Prince Bernhard over in the Netherlands. That such an entity exists is of no doubt; David Rockefeller discusses it in his own memoirs, we’ll cite the New York Slimes umm Times later on and of course the “conspiracy kooks” are all over this thing as documented in “The THEorY of LIVEvolution”. And of course David blames the “conspiracy theorists” for the negative reaction to this situation by treating this whole thing like some kind of rotary club meeting as opposed to the nefarious secret gathering of global banking, political, media and educational elites that it is.

For now let’s take a brief look at the characters just mentioned so as to establish where this group is really coming from. Gang banker extraordinaire David Rockefeller (along with his familial predecessors) has been covered extensively on this website (see 1984 link on the New Age page on this site for starters) and in the “The THEorY of LIVEvolution” as well. The name Harriman should sound familiar as he is the descendant of those that essentially monopolized the rail road industry in the late nineteenth century and supplied shipping to its larger compatriot Rockefeller Standard Oil cabal. In addition, in the twenties he teamed with fellow gang banker JP Morgan to give the “enemies of capitalism” those raspy Ruskies their first bank, Ruskombank. (Before you ask, the answer is yes, it’s that bad but at least he wasn’t forming an industrial giant like say IG Farben that was the Rockefellers’ gift to the Nazis.) A minor leaguer relative to the Rockefeller/JP Morgan/Rothschild parasite criminal banksta consortium but obviously in the mix nonetheless. Bedell Smith was CIA director at the time. Aside from the obvious angle of psychological warfare like say the concept of a sedated, enslaved “imbecile majority” paying homage to the “Federal” “Reserve” banksta parasites without a peep except for the “conspiracy theorists” the CIA is very much involved in the planning and securing these TREASONOUS annual secret meetings. John McCloy is an interesting character indeed with a resume that spans the entire high level political/economic/intelligence spectrum that is essentially the playground of the gang bankers. In the intelligence realm he was one of the founders of the OSS (Office of Strategic Services) the forerunner to the modern CIA and an anti-Founding Father of the CIA itself. In the economic he served as chairman to David Rockefeller’s Chase Manhattan Bank. Recall that Chase Manhattan was the combination of gang banker Rockefeller family’s Manhattan Bank with foreign banksta parasite Paul
Warburg’s Chase Bank; both of these family names are directly tied to the creation of the TREASONOUS “Federal” “Reserve” Bank that happens to be at the core of this once great nation’s downfall. Now what’s even better is that he served as one time chairman to the World Bank. This is the UN-Dead’s (we all know by now that the TREASONOUS Rockefeller family purchased and donated the place’s land in Mystery, Babylon) international answer to “our” “Federal” “Reserve” umm Bank. And who represented the United States for the founding of the UN-dead associated World Bank at the banksta sponsored Bretton Woods economic conference in 1944? Hiding behind Curtain number one…convicted Communist spy Harry Dexter White. Let’s hear it for the commies. Isn’t this fun? By the way, current World Bank President is Robert Zoellick, Bilderberg attendee. As an aside, Mr. Zoellick served as an executive at fellow Bilderberg/gang banker/eugenics supporter Warren Biderberg attendee Buffet’s Goldman Sachs, the Fannie Mae Federal fascist institution at the center of our current economic malaise, the eco wacko/America sucks World Wildlife Fund and least but not least the Council on Foreign Relations (CFR), the nefarious group which supplies large numbers of “our” political elites that originated as a result of England’s Round Table Groups that in turn took their cue from philosopher Plato in their bid to overtake the world via Communism.

How’s that for a summary?

Continuing, in the political realm this guy McCloy served on the Warren Commission. This was the commission that “solved” the Kennedy Assassination with a multi-volume sleeper to sedate the “imbecile majority” into believing the lone assassin debacle that somehow missed asking a whole host of stupid questions like how is it that the pristine “magic bullet” that was “found” in Dallas Parkland’s Hospital was HEAVIER than the fragments taken from the wounded governor of Texas and the executed ummm assassinated JFK that supposedly caused the multiple wounds in both because it had to since alleged assassin Lee Harvey Oswald (whose 8 hour interview with authorities was never recorded) physically could only have gotten off three shots and two were already accounted for. This is like say a Commission of political hacks putting out a three inch thick sleeper investigating how a group of 19 Islamic radicals were allowed to congregate at one of the busiest airports in the world and get on four different airliners after most had been tracked by law enforcement from sea to shining sea for several YEARS prior because they were doing odd things like taking flying lessons where they showed a keen interest in flying but not landing. Oh yeah it was this “wall of separation” between our intelligence agencies set up by the (Bilderberg) Clintons who were obviously too busy lambasting Bill’s bimbos and compromising national security with things like facilitating illegal immigration for votes and Chinese intelligence “donors” to worry about stupid little details like American hating radical Muslims wanting to fly planes and not land them. Sorry.

Go back to SLEEP nice, playful and at times quite Inconvenient (Truth) “imbecile majority”…..

Where was I? Oh yeah, the brain trust that founded the Bilderberg Group. Last but certainly not least we have Prince Bernhard of the Netherlands. This is an interesting partnership and represents the Rockefeller gang banker family taking its monopolistic show on the international road. Not only did Dutch Prince Bernhard work for
Rockefeller financed Nazi war machine (TREASON anyone?) IG Farben he was an executive of Royal Dutch Shell (what we know in the Late Great USA as Shell Oil) that was a combination of English and Netherlands companies that was formed in the early twentieth century to compete with...Rockefeller’s Standard Oil monolith of American economic power. Additionally, the lovely prince was a member of Hitler’s SS lovelies that were the pinnacle of the “Aryan Race” as one had to be of 200 year minimum Nordic lineage to belong. The SS was the worst of the worst in Hitler’s bid for “race hygiene” that was founded in the theory of eugenics which got started in these very United States with the guidance of American Birth Control League of Margret Sanger whose buddies included early twentieth century America sucks radicals like Emma Goldman. By the way funding much of lovely Maggie’s population control eugenics “research” that served as the inspiration to a certain group of German rabble rousers and a certain Bohemian corporal’s “race hygiene” came from TA DA….the Rockefeller family.

Just in case anybody doubts that a meeting of hundreds of a veritable international who’s who of political, economic, media and even religious elites (a brief list includes David Rockefeller, Henry Kissinger, both Clintons, “conservative” Rupert Murdoch, “liberal” Senator John Kerry, “conservative” Senator Trent Lott, “capitalist” Warren Buffett, “liberal” Steven Spielberg, the Pope, etc. etc.) or thinks that such a thing is the paranoia of “conspiracy theorists” like yours truly let’s look at some excerpts at a story from gang banker rag fish wrapper New York Slimes ummm Times, hardly a friend to the John Birch Society or the Minutemen (or idiot Christians for that matter):

Since its first meeting 50 years ago, the Bilderberg conference, a secretive gathering of global power brokers, has inspired layer upon layer of conspiracy theories, which it has done little to dispute. Over the years, the deeds laid at the conference’s devious door have included the creation of the European Union, the invasion of Iraq, and the bombing of Serbia – all to service its most cherished goal: the creation of world government.

Roughly 130 delegates attend the invitation-only annual gatherings, named for the Dutch hotel where the first Bilderberg conference was held in May 1954, to debate issues surrounding the cold war.

The meetings are hardly a monument to transparency. The hotels involved are usually closed off to guests.

Unlike the World Economic Forum in Davos, Switzerland, journalists are not invited to cover it – although a few attend as participants – and all delegates promise to keep quiet about what they hear and say.

“They do not have to sign anything, but they understand that they do not talk,” said Maja Banck-Polderman, the organization’s executive secretary. In a telephone interview, she said she was the only employee at the Bilderberg administrative office in Leiden, the Netherlands.
Let this “conspiracy theorist” break in here. This vow of silence brings to mind these all too relevant quotes from “Progressive” Woodrow Wilson, tool of the gang bankers and signor of the TREASONOUS “Federal” “Reserve” act into law (my friends these are from around 100 years ago):

Yet that is but a single small detail illustrative of the difficulties we are in because we have not adjusted the law to the facts of the new order.

Since I entered politics, I have chiefly had men’s views confided to me privately. Some of the biggest men in the United States, in the field of commerce and manufacture, are afraid of somebody, are afraid of something. They know that there is a power so organized, so subtle, so watchful, so interlocked, so complete, so persuasive that prudent men had better not speak above their breath when they speak in condemnation of it”. (Woodrow Wilson, “The New Freedom”, New York City: Doubleday, Page and Company, 1913 p. 13-14.)

…the present organization of business was meant for the big fellows and was not meant for the little fellows; that it was meant for those who are at the top and was meant to exclude those at the bottom; that it was meant to shut out beginners, to prevent new entries into the race, to prevent the building up of competitive enterprises that would interfere with the monopolies the great trusts have built up (ibid, p. 16-17).

Let’s take a few more passages from Woodrow Wilson, “conspiracy theorist” before getting back to the main body since they are directly related to what’s being discussed….

These next ones sound like they could have been written last week as ex-Goldman Sachs CEO and current Bush gang banker Treasury Secretary Henry Paulson doles out “free” government (fiat) money to places like well Goldman Sachs:

There has come over the land that un-American set of conditions which enables a small number of men who control the government to get favors from the government;…You cannot begin such an enterprise as those that have made America until you have succeeded in obtaining the good-will of large allied capitalists. Is that freedom? That is dependence, not freedom. (ibid, p. 18-19)

Now does the descendant of the founders of the Standard Oil Trust David Rockefeller’s support of the eco wackos who stifle every energy alternative except the already established oil companies (i.e., Standard Oil offshoots) make more sense?

We are getting a bit off track here but let’s continue with the very relevant writings of “conspiracy theorist” Woodrow Wilson whose words of a century ago could have been written in an editorial page of the New York Slimes umm Times; if that disgraceful tool of the criminal bankstas had a shred of integrity that is. Those secret Bilderberg meetings where people like Obama and Hillary attend with NO coverage from the Slimes umm Times conform to this “conspiracy theorist’s” view that there are no political parties:

Men said: “We vote; we are offered the platform we want; we elect men who stand on that platform, and we get absolutely nothing”. So they begin to ask:
“What is the use of voting? We know that the machines of both parties are subsidized by the same persons, and therefore it is useless to turn in either direction” (ibid p. 27)

Again “conspiracy theorist” Woodrow Wilson sounds like he could be writing for the Slimes umm Times in December 2008. By the way did anybody get wind of the fact that the banks who received 25 billion with a “b” of taxpayer money (it isn’t really since the gang bankers just printed even more fake money but that’s another story) and are refusing to say where it went or that 350 billion with a “b” of taxpayer (fiat) money has been released from the 700 billion with a “b” bailout extravaganza without nay a comment much less an oversight by our (to quote the Georgia Guidestones) “useless officials”?

It is necessary, in the second place, to give society command of its own economic life again by denying to those who conduct the great modern operations of business the privacy that used to belong properly enough to men who used only their own capital and their individual energy in business…If there is nothing to conceal, then why conceal it? If it is a public game, then why not come out into the open and play it in public? (ibid, 112-113)

Yeah David Rockefeller, listen to “conspiracy theorist” Woodrow Wilson. Why hold those rotary club Bilderberg meetings in such secrecy? Just one more tid bid from “conspiracy theorist” Woodrow Wilson that will help ILLUMINATE the “imbecile majority” on its “freedom” (think gang banker owned “Federal” “Reserve” bank):

A great industrial nation is controlled by its system of credit. Our system of credit is privately concentrated. The growth of the nation, therefore, and all our activities are in the hands of a few men who, even if their action be honest and intended for public interest, are necessarily concentrated upon the great undertakings in which their own money is involved and who necessarily, by very reason of their own limitations, chill and check and destroy genuine economic freedom (ibid, p. 186)

Let’s continue with our original New York Slimes umm Times article from 1994 just in case anyone still thinks I’m the kook for saying essentially there are no political parties anymore; they merely exist to fool the “imbecile majority” into thinking they still have a say as to what goes on.

Mr. Edwards, several said, joined Ralph Reed, the Republican strategist, in giving a presentation on the American election. After Mr. Reed spoke about how Mr. Kerry was vulnerable on “values” Mr. Edwards presented a characteristically positive case for Mr. Kerry’s election, focusing on the insecurity of American workers that persists even when economic statistics turn north.

In the prologue of “The THEorY of LIVEvolution” I documented that Mr. Reed’s boss, “conservative” Pat Robertson has unfortunately joined the gang banker funded global warming scam…

Regularly attended by tycoons, politicians and diplomats in Europe and the United States, including Henry A. Kissinger, former secretary of state, and
Richard N. Perle, the former head of the Defense Policy Board. This year’s list also included Richard C. Holbrooke, the former United States ambassador to the United Nations, and, of course, Senator Edwards.

Former participants have generally played down the conspiracy theories, saying the secrecy is merely designed to foster a climate of open debate, allowing the participants to speak their minds freely.

Is this such a big deal? Not if you’re establishment fish wrapper New York Slimes ummm Times, member of our “free and independent press”:

Whatever else, the selection of Mr. Edwards as Mr. Kerry’s running mate seems to show that the Bilderberg delegates have an eye for a contender.

But Democrats please take note: they do not always the winner. This year’s delegate list showed that Giulio Tremonti attended as Italy’s minister of economy of finance: four weeks later, he resigned in a political dispute – perhaps not the best of omens for Senator Edwards.

Ha ha ha this is no big deal you “petty bourgeoisie” out there in the “imbecile majority”. Especially if you’re Bilderberg heavyweight David Rockefeller whose lackeys include Trilateral Commission co-founder and Obama “advisor” Zbigniew Brzezinski or Bilderberg buddy and McCain “advisor” Henry Kissinger. There’s your “REAL change” “pilgrims”: Rockefeller puppy-dog Brzezinski or Rockefeller lap dog Kissinger.

Fast forward to June 2008. It just so happens that another Bilderberg Conference allegedly took place here in The Late Great USA and anti-alive babies Barak (by the way doesn’t it bother anybody that this guy is so pro-abortion that he thinks it okay to let live babies die yet he wants to provide us “free” government health care by the same government that’s essentially out of money with this “Federal” “Reserve” scam thanks to David Rockefeller and the rest of the gang bankers many of whom in turn support population control which got its start in the 1920s as per the aforementioned Maggie Sanger and friends?!) Obama and Queen Hillary were allegedly there. I utilize the term “allegedly” because as per the previous New York Slimes umm Times article, remember the Slimes umm Times is no ally of the “conspiracy kooks” like yours truly, these things are “hardly a monument to transparency”. Now obviously since our mainstream news didn’t report on the Bilderberg Conference that allegedly took place on June 6-10, 2008 in Chantilly, Virginia with the most powerful financial, political, media and academic people in the world one would probably need multiple sources to cite to establish that a Bilderberg Conference did indeed take place on the soil of the Late Great USA while our lap dog useless press stood by well like a bunch of useless lap dogs. Let’s take a look at a few:

The Bilderberg “Blackout”: The press corps noncoverage of that weekend conference in Chantilly, Va. (From Slate.com, June 9, 2008)

About this time each year, the Bilderberg group convenes a weekend conference in a hotel or resort somewhere in North America or Europe in which 120 or so billionaires, bankers, politicians, industrialists, scholars, government officials,
influentials from labor and education, and journalists assemble to discuss world affairs in private.

…President John F. Kennedy drew heavily from Bilderberg alumni – Dean Rusk, George W. Ball, ….to staff his administration, and many Carter administration officials had attended the retreat.

…The meeting of 120 prominent world figures probably constitutes some kind of news. Yet to be fair to the mainstream press, it’s tough to report from a private gathering locked down tight by professional security.

Bilderberg organizers expect participants to keep the weekend’s discussions off-the-record, stating in a press release this year that “the privacy of the meetings has no purpose other than to allow participants to speak their minds openly and freely.” Bilderberg isn’t the only international groups that asks participants to zip their lips. The United Kingdom’s Chatham House enshrined such a rule in 1927, and similar requirements apply at some Council on Foreign Relations and Aspen Strategy Group meetings, just to name a few.

Who is Jim Johnson?

I’ll pick it up from here. He was Barak “Change” Obama’s campaign financial advisor/VP “vetter” until the “The One” (who doesn’t know anything about racist American hating Reverend Wright, Communist Saul Alinsky, Communist bomb thrower William Ayers, Communist Frank Marshall Davis, convicted foreign nation felon/neighbo in a shady land deal Tony Rezko, this punk governor of Illinois) had to deep six the guy due to nefarious activities associated with Fannie Mae which he was in charge of in the recent past.

Let’s see here.

New World Order Gathering Off-Limits to American Media (From Newsblaze.com, June 10, 2008)

They came, they met and they conquered – at least “they” conquered America’s pliant mainstream press.

Over 140 of the world’s most elite powerbrokers gathered in a high class hotel in Chantilly, Virginia, June 5-8, not far from this nation’s capital for the annual Bilderberg Conference.

In a rare moment of public relations, an anonymous group affiliated with the ultra-secretive Bilderbergs, called Friends of Bilderberg, issued a list of power elites invited to this year’s conference. The list included American Secretary of
State Rice, Secretary of the Treasury Paulson, National Security Agency Director Alexander, World Bank Zoellick, Fed Chairman Bernake, NY Fed President Geithner, along with Henry Kissinger, David Rockefeller, George Schultz, Richard Perle, Paul Wolfowitz, and Richard Holbrooke, as well as major European politicians, bankers and businessmen. All the major corporations, the royal houses of Europe, and representatives of the media, such as Donald Graham of the Washington Post and Paul Gigot of PBS, were invited. Yet, not one photo or word documenting the event showed up in the mainstream media, despite a howling blogosphere rife with rumors that Hillary Clinton and Barack Obama secretly attended.

Let’s see some of the group’s goals, according to this article:

Centralize control of people – eliminate the middle class, leaving only rulers, their helpers and workers.

De-industrialize industrialized nations

Reduce human populations around the globe

Empower the UN to bring nations under control

Centralize control of all education

No wonder these criminal gang bankers and friends want to have “frank and open discussion” without any input from the “imbecile majority”. Let’s just breeze through a few more headlines since these are getting boring…

Largest gathering of wealth and power ever assembled on American soil off-limits to American media (bilderbergbook.com, 6/10/08)

Secret Bilderberg Agenda to Microchip Americans Leaked (prisonplanet.com, 6/10/08)

Bilderberg Conference Announces 2008 Conference (biz.yahoo.com, 6/5/08)

This last source is interesting since it isn’t off the usual “conspiracy kook” websites. What this “conspiracy theorist” found most intriguing is this article from WorldNet Daily.com. What’s great about this site is that besides a host of well-known authors and reporters is they have a White House correspondent. As such, they let questions fly about everything the rest of the news won’t ask even if it doesn’t get coverage beyond their own website thanks to our “pliant press”. Anyway, this article was particularly fascinating as it states that Queen Hillary and The One were in attendance, allegedly of course since the mainstream news was well snoozing as usual, on the first night of the four day conference. Notice the post date here of June 7; the dates of the alleged conference were June 6-10, 2008. Therefore, our two “Progressive” for the restive of us lovelies were allegedly in attendance on day one (we’ll just cover the juicy details and see if you can spot the figurative middle finger from “THEM” to us “pilgrims” out here in the “imbecile majority”):

Obama’s spokesman Robert Gibbs confirmed Clinton and Obama met but declined to inform the press of the location of the meeting. However, it was reportedly not held at Clinton’s Washington home. Hillary’s spokesman also declined to give the location of the rendezvous.

Sen. Dianne Feinstein, D-Calif., told Fox News the two candidates met at her house in Washington. Feinstein said she was working upstairs while Clinton and Obama sat by her fireplace.

Okay, okay, think about this one. This loony Senator from the loon state of California, who made WorldNet’s “Top 10 Most Ignored Stories in 2007” for being on something called the “Senate Defense Construction Appropriations Committee” while her hubby had a direct interest in the outcome as he owned two defense subcontracting companies, is upstairs reading “Gone With the Wind” while Hillary and The One are in her living room drinking hot cocoa with marshmallows…in June. This is only speculation on this “conspiracy theorist’s” part since our “pliant press” wasn’t allowed to follow these three this night and inform the “imbecile majority”.

As asked if Obama attended more than one meeting last night, Gibbs declined to “get into all the details”.

Speculation about the pair meeting yesterday began when reporters traveling with Obama arrived at Dulles International Airport, in Northern Virginia, to find Obama was not aboard the plane, as was scheduled.

Members of the press were outraged over the way Obama’s campaign organizers covered up the meeting. Reporters were led to believe they would be getting on a plane back to Obama’s campaign headquarters in Chicago with the senator. But while they were in the airport, the presidential candidate remained in the area for a secret meeting.

As asked at the time about the Illinois senator’s whereabouts, Gibbs smiled and declined to comment,” the AP report continued.

Hmm. Birth certificate: sealed. Academic records from Occidental University, Columbia University, Harvard Law School: sealed. Illinois State Senate records: sealed (except of course we do know he’s eugenics/population control to the max with Born
Alive Infant Abortion Protection Act that is even too extreme for something called the National Abortion Rights Action League). Time in the Senate: spent campaigning for Brzezinski/Rockefeller lackey umm President. Ah probably nothing here, it’s not as if he’s running for “Leader of the (alleged) free world” or anything.

Let’s continue.

The meeting is private in order to encourage frank and open discussion.

Attendees at the Bilderberg conference included Secretary of State Condoleezza Rice, former Senate majority leader Daschle and Ben Bernake, the chairman of the board of governors from the Federal Reserve.

Hillary Clinton is no stranger to Bilderberg. Bill Clinton attended the 1991 meeting in Germany shortly before he was elected in president. According to reports, he attended again in 1999 when the meeting was held in Sintra, Portugal, and Hillary herself may have attended the 2006 meeting in Ottawa, Canada.

Why were we not told about this meeting until we were on the plane, the doors were shut and the plane was about to taxi to take off?” one reporter asked Obama spokesman Gibbs in a heated exchange caught on camera by CNN.

Senator Obama had a desire to do some meetings, others had a desire to meet with him tonight in a private way

(you know hot cocoa and marshmallows by the fire place…in June)

and that is what they are doing,” Gibbs replied.

Is there more than one meeting, is there more than one person with whom he is meeting?” asked another reporter.

“I am not going to get into all the details of the meeting,” Gibbs replied.

Obama’s spokesman explained the Clinton meeting was not planned in advance, and it was a last minute decision to attend.

Huh. Hopefully you remember SCREW YOU PROLES AND PILGRIMS WE ARE THEY AND WE RULE from the “They Live” link on the home page. What else is there to say?

Well maybe we can see if maybe, just maybe, our mainstream snews like “The facts, nothing but the facts” and so-called “conservative” FOX sNEWS picked up on this conglomerate of ELITE TREASONOUS SELL-OUTS who dialog in private to have “frank and open discussion”. A simple FOX sNEWS search of stories on their web site on June 9, 2008 turned up 1 that’s one as in uno as in singular story from…August 22, 2007. Just a hunch but let’s see if “we don’t back down from anybody” FOX sNEWS (whose owner “conservative” Ruport Murdoch is an alleged attendee at the alleged Bilderberg conference) finds it more important to report on a full fledged member of the Hollywood Bimbo Brigade (I believe Britney Spears is the field general) like say Lindsay
Lohan. Well a simple FOX sNEWS search yields…535 stories on Private Lohan of the Hollywood Bimbo Brigade. Now according to my math, “We report, you decide” FOX sNEWS is 535 times more concerned about Ms. Lohan’s antics than say eco wacko funding elites like Henry Kissinger and David Rockefeller discussing their genocidal plans and the “security issue” of global warming (climate change?) for us out here in the “imbecile majority”. Well maybe major snews source Associated Press (AP) who is cited in snews stories from sea to shining sea has something since one of their reporters is quoted in the above WorldNetDaily.com report. Search results of the AP site on June 9, 2008 turned up…drum roll please…0 as in zero as in NOTHING. Now a CNN search turns up 30,300 stories…on the rest of the internet. Their search engine must dump onto the main Google search so “conspiracy theorist” websites like worldnetdaily.com and infowars.com turn up but nothing from CNN…

But what does CNN.com have on June 9, 2008? A thinly veiled mockery of the “conspiracy kooks” like yours truly with a story entitled “The people who control the world”. The Bilderbergs get mentioned along with another group (another link by the way) known as Bohemian Grove. But it’s kind of a nice, safe story to calm the “imbecile majority” back to SLEEP and CONFORMITY as THEY meet to have “frank and open discussion” as the following passage indicates (from CNN.com, June 9, 2008):

“I think you get renaissances of conspiracy theories during times of great political upheaval,” he says. The first, he observes, was during the Industrial Revolution, when suspicion centered on covert plotters in secret rooms (an update of the Middle Agers’ fear of Jews and moneymen). Then came the Cold War, and the plotters became Communists. Now conspiracy theorists have seized on globalization, and their boogeymen are industrialists.

Ironically, adds Ronson, to a large extent the world is out conspiracy theorists’ control. After all, conspiracy theorists tend to be fearful, less educated, less tied to the power structure. Meanwhile, the leaders of corporations and countries do meet as part of conferences sponsored by organizations such as the Trilateral Commission and the Bilderberg Group.

Look my friends what this article is saying is yeah these groups exist but don’t worry “imbecile majority” STAY ASLEEP. DON’T QUESTION AUTHORITY. CONFORM. CONSUME. NO INDEPENDENT THOUGHT. OBEY. Of course the elite Ted population control/friend of David Rockefeller Turner owned CNN is admitting to the existence of said groups but just like those evil Commies it’s no big deal. Hopefully if you’ve read “The THEorY of LIVEvolution” or at least read most of the other links on this website you’ve put on your “sunglasses” and can see through this ruse like this “conspiracy theorist”. If not well just bury your head in the sand and go along with the “pliant press” like CNN and FOX sNEWS and listen to their “experts” along with the economic “experts”, clowns, unicyclists and jugglers on C(ircus)NBC.

Wait, what’s this, another story by eugenics Ted Turner owned CNN? Well I’ll be…

Clinton endorses Obama, calls for party unity (CNN.com 6/9/08)
Story Highlights

NEW: Sen. Obama: “I am thrilled and honored to have Sen. Clinton’s support”

Clinton says, “I ask all of you to join me in working” for Barack Obama

Clinton camp says 6,000 signed up to attend speech

Analysts say Clinton must choose next steps carefully

All of sudden Hillary, who was still very much in the race at this point, “suddenly” drops out of the “race” for “the leader of the free world” within 2 days of the private Bilderberg conference that has “frank and open discussion”. Call this “conspiracy theorist” crazy but in the months prior to this Queen Hillary was throwing words like “slum lord” at “The One” along with discussing his associations with convicted foreign national felon Tony Rezko not to mention the whole 3 AM experience thing and woila Obama really is “The One”? And he returns the love because we have to get those raspy Republicans who are about one notch above these manipulated morons (and that’s being generous) on the despicable meter. Ummm…

Let’s review Anti-alive babies “Christian” Barak’s list of advisors that reads like a veritable list of gang banker Bilderberg elite types who like to meet in private for “frank and open discussion” (Bilderberg = B, Trilateral Commission = TC, Council on Foreign Relations = CFR):

- Timothy Geithner, Treasury Secretary (B, TC, CFR) Current President of the most powerful branch of the fake “Fed” right here in Mystery, Babylon.

- Paul Volcker, Economic Recovery Advisory Board (B, TC, CFR) Now this elitist gang banker is an interesting character and a re-tread from disgraceful Jimmy Carter’s debacle. He was in charge of the “Fed” during the massive inflation and interest hikes under the Peanut clown from Georgia but he “fought” inflation like some kind of super-hero according to the clown according to “experts” at places like CircusNBC. And he was chairman of something called Rothschild Wolfensohn Company (in “The THEorY of LIVEvolution” it was documented that the name Rothschild has been dead center of the “conspiracy” for the emergent “New World Order” for several hundred years) and long time associate of the Al Capone of the American gang bankers, the Rockefeller family.

- Lawrence Summers, National Economic Council (B, TC, CFR) He was treasury secretary during the missile technology selling Clinton Bilderberg presidency and served on the aforementioned gang bankers’ World Bank, IMF, “think tank” (or THOUGHT CONTROL) Brookings Institute, elitist Progressive for the restive of us Harvard excuse me HAAARVARD University and associate of banksta parasite David Rockefeller.

Well we’ll just breeze through some more.

Hillary Clinton, Secretary of State (B, TC, CFR)
Joseph Biden, Vice President (B, CFR)
Bill Richardson, Commerce Secretary (B, CFR)
Robert Gates, Defense Secretary (B, CFR)
Tom Daschle, Secretary of Health, (B, CFR)
Janet Napolitano, Director of Homeland Security (CFR)
Gen. James L. Jones, National Security Advisor (B, TC)

Susan Rice, Ambassador to the UN (CFR). She was also a Rhodes scholar, as in Cecil Rhodes who wanted the world to be some kind of Anglophile playground based on Plato’s “Great Society” hidden in the “Great Mysteries”….

In conclusion, fish wrapper/liberal rag of the elites New York Slimes umm Times ran a story on June 6, 2008 entitled “Obabam Moves to Next Phase as Clinton Douses Talk of Ticket”. Let’s see here…the story is authored in Bristol, Virginia so we know the two sell out megalomaniacal lackey hypocrites for “change” umm Democratic Presidential candidates were in the neighborhood of the alleged Bilderberg Conference in Chantilly. Hmm…the word “Bilderberg” is nowhere to be found…Let’s see here…

A day after her campaign said she would end her quest for the presidential nomination, Mrs. Clinton disavowed an effort by her supporters to pressure Mr. Obama into choosing her as his running mate. She said that they were acting on their own and that the decision was “Senator Obama’s and his alone”.

The meeting between the two former rivals in Washington was initiated by Mrs. Clinton after Mr. Obama spent the day in Virginia, a state symbolic of his efforts to expand the Democratic outreach.

Okay, I’m going to barf. Of course we can choose pasty old white guy and David Rockefeller/Henry Kissinger lap dog McCain for an “alternative” but of course “The One” phoned McCain after the alleged Bilderberg meeting and "Aides described the brief telephone call as a cordial conversation, with both men pledging to have a civil discussion over the next five months”.

Now don’t worry like CNN alluded to, everything will be fine, nice, “pliant” “imbecile majority”

OBEY CONFORM SLEEP SNEWS…

(Note: to see the expanse of the international memberships of this thing, do a key word search for Bilderberg on the WorldNetDaily.com web site)
